press release

Energetix and NYSEG Solutions Continue to be the Leading Suppliers of Green Energy in New York State

ROCHESTER and BINGHAMTON, N.Y., Feb 13, 2008 – Energetix and NYSEG Solutions, wholly owned subsidiaries of Energy East Corporation [NYSE:EAS] announced today that they now have over 10,500 Clean Energy customers, which is a 75% increase in the past year. “We are encouraged by the sense of responsibility so many New Yorkers have towards preserving our environment, and we intend to continue to emphasize this valuable sector of our business”, stated Carl A. Taylor, President.

The Companies’ green electricity supply is comprised of 60% certified low-impact hydro energy and 40% emission-free wind energy, mostly generated within New York State. These clean supply sources reduce air pollution, lessen water and soil contamination, minimize dependence upon foreign fuels, and avoid the depletion of natural resources for our children and future generations.

In an effort to further help the environment, both companies partnered with the Arbor Day Foundation and agreed to plant a tree for every Green Energy enrollment received from November 2007 through April 2008. The Arbor Day Foundation is actively replanting trees in national forests that have been damaged by wildfires. Currently, more than one million acres in the U.S. are in need of replanting according to the U.S. Forest Service. So far, the partnership has resulted in the planting of 7,500 trees.

Pricing options and additional information are available at www.energetix.net or by contacting Energetix at 1-877-ENERGETIX. For NYSEG Solutions information, customers should visit www.nysegsolutions.com or call 1-800-567-6520.

About Energetix and NYSEG Solutions

Energetix and NYSEG Solutions are subsidiaries of Energy East Corp., both founded in 1998. The companies provide natural gas and electricity supply to residential, small business, and large commercial/industrial customers throughout New York State.

About Energy East

Energy East is a respected super-regional energy services and delivery company serving about 3 million customers throughout upstate New York and New England. By providing outstanding customer service and meeting customers' energy requirements in an environmentally friendly manner, Energy East will continue to be a valuable asset to the communities we serve.

About The Arbor Day Foundation

The Arbor Day Foundation was founded in 1972. It is a nonprofit conservation organization of nearly one million members, with a mission to inspire people to plant, nurture, and to celebrate trees. Since 1990 the Foundation has helped plant nearly 10 million trees in America’s National Forests. For more information regarding the Arbor Day Foundation, visit their website at: www.arborday.org.
